

Donation & Sponsorship Policy

Nopak Canada Inc is committed to and is focused on, the health, safety and well-being of the communities we serve, and those close to home and throughout the world who are experiencing hardship and unsafe circumstances; to the sustainability of our planet and in specifically decreasing our environmental impact; and to the furthering of education and opportunities in the fluid power industry. As such, we will consider supporting, through charitable donation and/or sponsorship, a charity/program that aligns with these focus areas. We will also support charitable activities which are important to our staff and provide opportunities for participation and team activities.
